Drawing on the Right Side of the Brain continued the lessons in how to see, and just as important, to trust what I see. I still have the first sketch book that I bought, where I did the exercises in the book, and thumbing back through it, I still remember the thrill of putting the things I see on paper and having other people look at them and say, Yep, that's what it looks like.

Why Does It Work? Drawing on the Right Side of the Brain

When Betty Edwards's book, Drawing on the Right Side of the Brain, was first published in 1979, it received an immediate positive response and, to everyone's surprise, remained on the New York Times's Best Sellers List for nearly a year. Over the years since then, Dr. Edwards has revised the book three times to include advances and clarifications in the teaching techniques and the
