[Leadership Theories - In Chronological Order](#)

For decades leadership theories have been the source of numerous studies. In reality as well as in practice, many have tried to define what detaches authentic leaders from the mass! Hence, there as many theories on leadership as there are philosophers, researchers and professors that have studied and ultimately publish their leadership theory.

[Leadership theory - Mind Tools](#)

Power and influence theories of leadership take an entirely different approach these are based on the different ways that leaders use power and influence to get things done, and they look at the leadership styles that emerge as a result.

[Leadership: Theory and Practice - Google Books](#)

Adopted at more than 800 colleges and universities worldwide, the market-leading text owes its success to the unique way in which it combines an academically robust account of the major theories and models of leadership with an accessible style and practical exercises that help students apply what they learn.

The Major Leadership Theories - Verywell Mind

According to this theory, no leadership style is best in all situations. Leadership researchers White and Hodgson suggest that truly effective leadership is not just about the qualities of the leader, it is about striking the right balance between behaviors, needs, and context.
